

Supplementary File 6 Catchment area for search by NWS

Notes: Red dot indicates Liverpool city-centre; green circle indicates 10 miles from Liverpool city centre; blue circle indicates 20 miles; red circle indicates 30 miles. Not all persons whose residence was within the red circle were eligible for identification as they did not reside within the footprint of the North West Coast NIHR Clinical Research Network. Those areas that were eligible are those that are coloured light blue and which are contained within the red circle. The areas coloured light green are within the footprint of the Greater Manchester NIHR Clinical Research Network
