Please list below any other topics that you feel need further coverage

- More information on the benefits / outcomes from e-prescribing as they become available from the research programme.
- More structure around panel discussions.
- Implementing e-prescriptions in UK hospitals.
- Not enough time for panel discussions.
- Policy and guidance.
- Consolidation and optimisation of E-PA post-implementation.
- Clinical safety.
- FMD / GS1
- Future development / system optimisation.
- What makes the best outcome to support centre?
- Need optimisation agenda.
- Patient held records and systems that promote / record concordance (using smartphones).
- I felt that today's conference was very comprehensive.
- Case study presentation of project roll out of e-PMA.
- Deployment approaches.
- Opportunity for Trusts / individuals to participate (maybe workshops?)
- More focus on nursing - medical administration.
- Mental health.
- e-p across the care interface.

Please use this space for any additional comments that you may have in relation to the conference

- An excellent day, thank you!
- Great combination of research findings, future considerations and discussion.
- I also particularly enjoyed the talk on learning from project management – very helpful and interesting!
- It was very NHS England focused.
- Very interesting and enjoyable.
- Thanks for a great, interesting and useful conference!
- An excellent, useful day – thank you.
- David Bates was excellent and would ideally have been given more time.
- Please post a link to the presentations.
- Please move away from paper based info packs. Let's move ourselves electric!
- I think that today would have been useful for NHS trusts that are yet to implement e-prescribing, therefore you could consider disseminating information via other networks and publications.
- Whilst the venue was lovely, the main conference hall was very cold!
- Assessing the impact on prescribing safety and quality of care was very useful.
- Lovely venue.
