

Supplementary material 3 Participant information

Digital participant information sheet:

For the full audio described participant information video for LGBTQ+ young people click the following link: <https://www.youtube.com/watch?v=8GHTFlcpF9M>

Pre-interview information:

How to prepare for your WhatsApp Interview

Be comfy

Pick a place that's comfortable and private where you will feel happy to WhatsApp chat for up to one hour.

Remember..

You can stop the interview anytime. Your support worker will follow you up after to make sure you are okay.

Be Prepared

We can help cover the cost of phone data to help you take part.

You may want to check your WhatsApp settings to see whether you have back-ups set on WhatsApp.

As part of the interview we will be sending images to you in WhatsApp so you could check your WhatsApp settings to see if photos save straight to your camera roll.

Check your photos to see if this image has saved there and you can delete it if it has.
