Treatment allocation	<input type="text" value="FITNET-NHS"/>
Today's date (date filled in form):	<input type="text" value="12-04-2018"/> <input type="text" value="Today"/> D-M-Y
Actual treatment end date:	<input type="text" value="09-04-2018"/> D-M-Y
Treatment adherence rating	
The next question asks you to rate the PARTICIPATING CHILD's adherence to treatment.	
Please note, this is NOT an assessment of the quality of engagement, but a measure of attendance - on a principle of if the participant 'turned up' (i.e. attended sessions/ got through chapters).	
Help with ratings: - Non-starter = No sessions attended at all - 80%+ completion = most modules completed/ good treatment completion in line with what is clinically relevant - Started then stopped sessions = anything in between	
Treatment adherence rating	<input type="text" value="80%+ completion"/>
