Types of Urethral Catheter for Reducing Symptomatic Urinary Tract Infections

CONFIDENTIAL

QUESTIONNAIRE TO BE COMPLETED 3-DAYS AFTER CATHETER REMOVAL

HOW TO FILL IN THIS QUESTIONNAIRE

This survey asks for your views about your health. This information will help keep track of how you feel and how well you are able to do your usual activities.

Most questions can be answered by putting a tick in the appropriate box or boxes. Please print your answers carefully within the boxes like this:

Did not have	Mild	Moderate	Severe
	1		

If you make a mistake, shade out the wrong box completely and tick the correct one like this: e.g. If you ticked Mild but meant to answer Moderate

Did not have	Mild	Moderate	Severe
	1	1	

If you are unsure about how to answer a question, please give the best answer you can.

Please try to complete the whole questionnaire.

There are no right or wrong answers.

Thank you for your help

1. Please indicate whether you have had the following symptoms/problems during the days following REMOVAL of the catheter and if so how severe they were. (please tick the box that best describes your symptoms)

Question	SYMPTOMS	Did not have	Mild	Moderate	Severe
1	Frequency of urination (going to the toilet very often)				
2	Urgency of urination (a strong and uncontrollable urge to pass urine)				
3	Pain or burning when passing urine?				
4	Not being able to empty your bladder completely or passing only small amounts of urine				
5	Pain or uncomfortable pressure in the lower tummy, pelvic area or lower back				
6	Having blood in your urine				
7	Having a high temperature or shivers				

A2. Please give an overall rating of the severity of your urinary symptoms as they were AFTER catheter removal (please tick the box that best describes your symptoms)

No symptoms at all	Mild .	Moderate	Severe

- 3. We are interested in how comfortable/uncomfortable you found your catheter. Please think about the following times and circle the best answer. (please tick the box that best describes your symptoms)
- a) The process of putting the catheter in:

Mild discomfort	Moderate discomfort	Severe discomfort
	Mild discomfort	Mild discomfort Moderate discomfort

b) The period the catheter was in place:

No discomfort	Mild discomfort	Moderate discomfort	Severe discomfort

c) The process of removing the catheter:

No discomfort	Mild discomfort	Moderate discomfort	Severe discomfort
BIG BIGS IN INC.			

d) The period since the catheter was removed:

No discomfort	Mild discomfort	Moderate discomfort	Severe discomfort
