

[REDACTED]

Hi, what are the symptoms of herpes? A friend has been asking about it and I am not too sure how to answer

18:41

Hi [REDACTED], thank you very much for messaging us.

Do you remember when we did the STI games at the follow up?

I will send the information for Herpes over. If it's a question you have been asked the photos I send will be great to show you friends as well as posting
